

## MONTANA SHUFFLEBOARD

Rugged, untamed, and rare, our Montana shuffleboard table features a truly unique design that makes it an excellent addition to any man cave, lodge, or mountain home. Made using hand peeled logs, each Montana shuffleboard is handcrafted using techniques similar to those used to build log cabins. The result is a beautiful, rustic piece of furniture that perfectly infuses the look and feel of nature into any room.

We build each Montana shuffleboard table to order at our Grand Rapids, MI facility with your choice of solid post legs or spindled legs that are handmade using a combination of vertical and horizontal posts. The Montana is available in your choice of Natural Pine, Heirloom Pine, or Provincial Pine finish. We can also custom finish your new Montana shuffleboard to better complement the decor of your man cave, home, or business upon request. Every Montana shuffleboard table features a 20" wide and 3" thick playing American maple and sealed with a specially formulated surface that is handmade using solid North finish that has a lifetime warranty. Your new table comes complete with 8 shuffleboard pucks and 1 can of shuffleboard wax.

Sizes Available 12', 14', 16', 18', 20' & 22'
