

HUNTINGTON SHUFFLEBOARD

Inspired by homes built in the 15th and 16th centuries in England, our Huntington shuffleboard table incorporates all the elements of English Tudor style to create a truly one-of-a-kind design. This formal and elegant table fits comfortably within most parlors, libraries, and studies. We handcraft each of our Huntington shuffleboard tables using the finest North American hard maple. The result is a cozy yet luxurious piece of furniture that is perfect for infusing the natural look and feel of wood into your home.

Every Huntington shuffleboard table we sell is handmade and built to order at our Grand Rapids, MI facility. Customize your new Huntington table with your choice of either square tapered legs or round fluted legs. The Huntington is available in several colors, but we can also custom finish your Huntington shuffleboard to complement your specific decor upon request.

Each Huntington shuffleboard table features a 20" wide and 3" thick playing surface that is handcrafted using solid hard maple and sealed with a specially formulated finish that has a lifetime warranty. Your order also comes with 8 shuffleboard pucks and 1 can of shuffleboard wax.

Sizes Available 12', 14', 16', 18', 20' & 22'
