

PATRIOT SHUFFLEBOARD

Our Patriot shuffleboard table is a great mid-level option that complements the decor of most home, game rooms, and businesses. We handcraft the cabinet of every Patriot shuffleboard using American poplar wood. The cabinet of the Patriot is available in several finishes, including Chestnut, Mahogany, and Mocha. Additionally, we can custom finish the cabinet to match the specific decor of your home or game room.

Every Patriot shuffleboard table features a thick top cap that accents the cabinet and adds a bold element to the table's contemporary design. Another unique feature of our Patriot model is the classic style legs. The legs of the Patriot are handcrafted by one of our master craftsmen and include a hidden shelf that is perfect for storing your shuffleboard wax, pucks, and other table accessories.

Each Patriot shuffleboard features a 20" wide and 3" thick playing surface that is made from high-quality North American hard maple. The playing surface is sealed with a specially formulated finish that has a lifetime warranty. Every Patriot comes with 8 shuffleboard pucks and 1 can of wax.

Sizes Available 12', 14', 16', 18', 20' & 22'
