

PONDEROSA PINE SHUFFLEBOARD

Every Ponderosa Pine shuffleboard table is custom made to fit your order by one of our master craftsmen at our Grand Rapids, MI facility. The cabinet of the Ponderosa is handcrafted using the finest locally harvest pine. During the cabinet construction, our master craftsman will distress or antique the wood in order to enhance the overall rustic and rugged aesthetic of the finished product. The legs of the Ponderosa table are lodge style and made using solid wood for exceptional strength, beauty, and style.

Our Ponderosa shuffleboard table is available in a variety of finishes, including Heirloom Pine, Natural Pine, and Provincial Pine. We can also custom finish your new shuffleboard table to complement the specific decor of your home, cabin, or restaurant.

Each Ponderosa also features a 20" wide and 3" thick playing surface that is made from the high-quality North American hard maple. The playing surface is sealed with a specially formulated finish that has a lifetime warranty. Every Ponderosa table comes with 8 shuffleboard pucks and 1 can of wax.

Sizes Available 9', 12', 14', 16', 18', 20' & 22'
