

## PRESTIGE SHUFFLEBOARD

Influenced by the original American Shuffleboard design from the late 1940s, our Prestige shuffleboard table is a modern adaptation of a timeless American classic.

Every Prestige shuffleboard that leaves our Grand Rapids, MI facility is made using only the finest quality North American hard maple and walnut. The cabinet and legs are made using hand selected pieces of locally harvested solid maple, while the trim and horsecollar are crafted using American walnut.

We offer the Prestige shuffleboard in a variety of finishes that help accent the contrasting tones of the North American maple and American walnut, including Cognac, Heirloom, and Natural. Every shuffleboard table we sell is custom made and built to order, so we can use other combinations of wood and custom finish your Prestige shuffleboard table to better match your home or game room decor upon request.

Each Prestige shuffleboard table features a 20" wide and 3" thick playing surface that is made from the high-quality North American hard maple. The playing surface is sealed with a specially formulated finish that has a lifetime warranty. Every Prestige table comes with 8 shuffleboard pucks and 1 can of wax.

Sizes Available 12', 14', 16', 18', 20' & 22'
